## Be Safe, Be Seen

**DID YOU KNOW?** 

Twice as many kids are killed while walking on Halloween than any other day of the year.

Wear reflective tape, use glowsticks or carry a flashlight so drivers can see you.

## Walk Safely

- Cross at corners, using traffic signals and crosswalks.
- Look left, right and left again.
- Use sidewalks.
- Watch for cars turning or backing up.

## **Drive Safely**

- ✓ Watch out for kids crossing mid-block.
- Slow down and be especially alert.
- ✓ Look for kids who might be trying to cross mid-block.
- Keep phones down so you are not distracted.

## Have fun and share this!
